TO WHOMSOEVER IT MAY CONCERN

This is to inform that **Yash Sharma**, a resident of Belgachia, Kolkata, West Bengal, India and also a student of Future Institute of Engineering and Management, has served as a **Software Developer** for the tenure of 3 months, starting from 28th of December to 30th of March, as an Intern, in our organization.

The Software Development role involved the following responsibilities:

- Work with RESTful APIs & work on session management
- Work on the integration of UI elements with server-sided logics
- Write reusable, testable, and efficient server sided codes
- Design and implement low-latency, high-availability, and performant applications
- Work on the implementation of security and data protection
- Work on the integration of data storage solutions (MongoDB, AWS storage, etc.)

All the above-mentioned responsibilities have been successfully performed by the intern. Hence this letter proves the credibility of the roles & responsibilities which has been assigned to the intern. In case of any queries, please do not hesitate to reach us.
